Student Success Act - Thank you for your input!
Do you remember completing a survey or writing your ideas on a sticky note at Open House? We asked for your input on the priorities that should be considered as the Dayton School District plans on spending the funds from the Student Success Act. The Oregon Legislature passed the $2 billion Student Success Act in the Spring of 2019. This is an historic investment in K-12 schools. Our district could be able to access an estimated $800,000 through a state application process.

Districts are allowed four broad uses for the grant proposals:
1. Increasing instructional time
2. Addressing student health and safety needs
3. Increasing adults/decreasing class size
4. Expanding well-rounded learning opportunities.

Programs must also meet students’ behavioral and mental health needs and increase academic achievement as well as reduce disparities among student groups.

Based on input from our community members, parents, school staff and students, there were two areas with a clear majority that all groups considered a priority:

- increasing instructional time through after school programs
- increasing student health and safety through expanded support for student mental health

The next two priorities identified by most groups were well-rounded learning opportunities through career technical education and reducing class size by maintaining a low teacher to student ratio.

Thank you so much for your help as we work through this process. We are extremely grateful to be so busy working with architects for bond work and planning for new programs through the Student Success Act. The Dayton community is truly a special place and the love and support you provide for our youth is heart-warming and so appreciated!

Thank you again,
Mrs. Ewing and Mrs. Symons
Dayton Grade School
2019-2020 Yearbooks are on sale now!
$15.00
Please contact the Grade School Office for an order form.
Make Payments To: Lifetouch
Or you may order online at ybpay.lifetouch.com with Yearbook ID Code: 11414820
Order Deadline Date: April 8th

Immunization Reminder
Wednesday, February 19th is exclusion day for all students who are not current on their immunizations.
Medical Exemptions must be signed by the child’s doctor. Non-Medical Exemptions must include the approved Vaccine Education Certificate to be valid. This certificate can come from the primary care provider or from the computer module, but it is the only form that will be accepted.
Questions: Please call the Grade School office at 503-864-2217.

Dayton Grade School has a Family Coach
A DHS SSP Family Coach can work with families to help identify potential resources, setting goals and planning steps on how they complete agreed upon goals.
Family Coaches are partnering with your school to engage with families to:
  - problem solve
  - think about future goals
  - help access services
If you are interested in speaking with a Family Coach, please let your school principal, teacher, counselor or the school office know.
